

Best Senior Retirement Community and Best Assisted Living for Seniors Oak Meadows

For nine consecutive years we have been voted the "Best!" This was made possible by the dedicated staff, board and volunteers, along with the tenants and their families. Plus, this year we added memory care in order to provide a continuum of care that families need and want. Many interesting programs and events are scheduled for this fall. Go to our website at www.oak-meadows.org to learn more.

Some of the tenants and staff of Oak Meadows are each holding up a finger for the number of years they have won this award.
